ARIEL ANDRÉ AIO

Full-Stack Developer | React, TypeScript & Node.js | Production SaaS

ariel.aio@outlook.com | (17) 99665-8986 | Portfolio | LinkedIn | GitHub

PROFILE

Full-Stack Developer with hands-on experience shipping SaaS and production systems. My work spans data processing, payment integrations, APIs, and product support.

CORE TECHNOLOGIES

Core technologies: React, Next.js, TypeScript, JavaScript, Node.js, Laravel, PHP, PostgreSQL, MySQL, Firebase, Redis, REST APIs
Tools & practices: Git & GitHub, Stripe, Mercado Pago & Woovi, Serverless systems, Asynchronous processing, LLM integrations, Automation, Agile methods

PROFESSIONAL EXPERIENCE

Prefeitura Municipal de São João das Duas Pontes | Intern — 2026 - Present

Support administrative routines and production systems in a municipal public-sector environment.

- Use Fiorilli public-management systems and organize information and documents for internal administrative processes.

ZapWrapp | Full-Stack Developer — 2025 - Present

Develop a B2C SaaS that turns exported WhatsApp conversations into visual retrospectives.

- The product generated over R$ 25,000 in revenue and reached break-even within 48 hours with a self-funded operation.
- Built the file-processing pipeline, payment integrations, and media generation flow.
- Implemented serverless, asynchronous infrastructure that processed 4,732 transactions.

Memoryiit | Full-Stack Developer & Product Support — 2025 - 2026

Worked on full-stack development and product support for a production digital platform.

- Triaged user questions and operational issues, and organized support workflows.
- Helped prioritize recurring needs and turn them into product improvements.

EnterScience | Development Intern — 2024 - 2025

Full-stack development in educational technology using Laravel, React, PHP, and PostgreSQL.

- Built Laravel features and integrated APIs to generate educational content and assessments.
- Implemented validation and guardrails for LLM-assisted generation workflows.
- Maintained PostgreSQL databases, optimized queries, and contributed to code reviews and documentation.

EDUCATION

IFSP - Votuporanga Campus | Bachelor's degree in Information Systems — Expected graduation: Dec 2027

Currently enrolled; morning classes.

ETEC - Armando José Farinazzo | IT Technician — Completed in 2023

Technical education focused on systems development.

LANGUAGES

Portuguese; English: technical reading and basic communication.
